TECHNICAL SURVEILLANCE COUNTERMEASURES DIVISION
WEEKLY ACTIVITIES SUMMARY

12 January 88

25X1 (S) ✓ 1. During the period 4 - 6 January the annual TSCMD - SESD Seminar was held [redacted] Over 60 OS personnel attended including the senior technical representatives from the six DO geographic regions.

25X1 [redacted]

INFORMATION SYSTEMS SECURITY DIVISION

WEEKLY REPORT

5 - 12 January 1988,

1. On 5 January, a member of Industrial Systems Branch (ISB) met with a security representative from MITRE Corporation, McLean, Virginia, to discuss the preparation of an AIS Security program plan for their secure PC environment.

2. On 5 January 1988, two members of ISB met with representatives of a new Agency contractor, the Ellerby Company, to discuss the preparation of an AIS Security program.

25X1

4. During this reporting period, members of Administrative Support and Training Branch (ASTB) presented seven briefings to 70 students on computer security awareness. Classes involved were WANG AL10, Fundamentals of VM, and Fundamentals of Personal Computers.

25X1

5. Representatives of Agency and Community Systems Branch (ACSB) met with an OIT representative to discuss the current status of, and steps to obtaining ISG approval for activating a special use intelligence community personal computer network.

25X1

6. An ACSB representative accompanied OIT/Engineering Group representatives to meet with Softswitch, vendors of an inter-system/inter-vendor (e.g. IBM, DEC, WANG) electronic mail system, which is being implemented in the Center. The purpose of the meeting was to discuss enhancements to the product which will permit CIA to implement rudimentary electronic "labeling" of Softswitch-resident data.

MEMORANDUM FOR: Chief, Physical and Area Security Group

25X1 FROM: [REDACTED]

Chief, Physical Security Division

25X1 SUBJECT: PSD Input to PASG Weekly Report [REDACTED]

1. The following represents requested issues which are to be addressed in PASG weekly report covering 7 - 13 January 1988:

° Significant Accomplishments:

25X1 ° On 7 January 1988, 1 OSSB Officer attended a Personal Security Course briefing. [REDACTED]

25X1 ° On 12 January 1988, 2 OSSB Officers attended a meeting at SES to finalize preparations on the spring CATC course. [REDACTED]

25X1 ° On 11 January, AC/DSB and another DSB Officer met with an SD/OMS Representative, C/Admin./OTE, and other OTE Staff to discuss a reconfiguration of the entrances of the C of C Bldg. [REDACTED]

25X1 ⑨ ✓ On 13 January, AC/DSB attended a meeting of the Facilities Protection Working Group, a group that deals with Physical Security Protection of SCI material on a community wide basis. Because one of the agenda items for this meeting concerned a piece of technical equipment, [REDACTED] a representative of TSG, accompanied AC/DSB to the meeting as an observer. [REDACTED]

S E C R E T

25X1

25X1

° CSB completed 2 surveys of NHB facilities for SCI accreditation.

25X1

25X1

° 2 CSB officers met with FMD, and the Chairman of ILSP regarding CSB functions in the OHB "Backfill" project.

25X1

° CSB interviewed 3 annuitants for use as technical monitors in CSB construction projects.

25X1

25X1

Critical Issues:

° A fourth revision of the D/OS memo to the DDA concerning classified conferences at non C.I.A. facilities was sent forward. Draft copies of this memo were given to D/OL and D/OTE for their coordination.

25X1

° A MFR concerning VTR specifications in the New Headquarters Building was sent from C/PSD to Chairman/ILSP. This memo will impact, also, on VTR design when the Backfill Project gets underway in earnest.

25X1

°Planned Activities

CONFIDENTIAL

11 January 1988

MEMORANDUM FOR: Chief, Physical and Area Security Group

25X1 FROM: [REDACTED]

Chief, Headquarters Security Division

SUBJECT: Headquarters Security Division Weekly Report
(6 January - 12 January 1988)

1. During this reporting period the following significant events are reported for your information and edification:

I. Significant Accomplishments/Activities:

25X1 [REDACTED]

25X1 ° SPOs serving overseas in TDY status supporting special projects decreased to 11. [REDACTED]

25X1 (12) ✓ ° PASS access control devices have been installed and are operational at the NLD contractor/escort entrance. [REDACTED]

25X1 (13) ✓ ° The reorganization of the Escort Section, Security Services Branch, was initiated on 11 January 1988. This effort will realign the requirements along account lines (specific components or tasks) with account managers to oversee both requirements and assignments of personnel. [REDACTED]

25X1 ° Security Duty Office personnel participated in a one day Stress Management seminar which was conducted by Dr. [REDACTED] OTE. [REDACTED]

25X1 ° The Badge Office processed [REDACTED] EODs on 6 January 1988. This was the first group processed since early December. This is twice the normal number due to a two-week cycle on which OP is operating. Approximately [REDACTED] EODs are scheduled for the next date. [REDACTED]

25X1 (14) ✓

25X1 [REDACTED]

CONFIDENTIAL

II. Critical Issues:

- 25X1 ° HSD has learned that NBPO intends to install picnic type furniture in the courtyards on the exterior of the North and South connectors to the NOB. This in essence creates two additional entrances to the OHB/NOB. These points of entry were not planned and will necessitate additional SPO posts and PASS equipment. The contractor estimates the PASS cost at approximately \$200K. PSD is investigating to determine LOG plans and seek alternative solutions. []
- 25X1 ° Installation of PASS is pending at GW Parkway Gate. Installation of OIT communication equipment and SESD alarms must be installed before PASS can be installed. DSB has defined protection requirements and progress is in the hands of SESD to install the alarms. []
- 25X1 ° C/OSDO is continuing to pursue HSD's needs and requirements regarding radio communications between the Old and New Headquarters Buildings. A representative from the New Building Project Office advised that the New Building Communications Program Division (NB/CPD) had "reinitiated" action on the project and that January 1988 has been established as a target date for a "working system." Reports from NB/CPD indicated it now seems on track. NB/CPD also reports that the NOB opening date has slipped to June/July 1988. HSD and Security Equipment Support Division personnel are continuing to participate in the project as well. []
- 25X1 ° The Burns contract for guards terminated on 30 September. Presently, HSD is on a 120-day extension at a cost of approximately \$45k. PSD has reconfirmed the need. An RFP has been prepared to solicit bids from various contractors. That RFP is presently in LOG/Procurement Division pending revisions. HSD expects to approve final version within one week. []
- 25X1 ° OIT and Contel representatives have advised that the OSD0 Veritrac Recording System is creating problems within the telephone line system. The representatives are attempting to correct the problems. Manufacturing representatives have been consulted. []
- 25X1 ° GIC upgraded the VCC two-way communications system, but it is still not acceptable. The quality of the audio is fair to poor. GIC has submitted a proposal and SESD is negotiating with GIC to install as proposed. []

CONFIDENTIAL

III. Planned Activities:

- 25X1 ° HSD will be supporting the 12 January 1988 SIS Promotion Ceremony in the HQS auditorium. In addition to the []
25X1 awardees, family members and invited staffers will be attending. The DCI is scheduled to present the awards. []
- 25X1 ° In the ongoing effort to enhance perimeter control, the receptionists will be replaced by SPS cadets at the VCC on 19 January 1988. []
- 25X1 ° Security Services Branch intends to takeover the escort requirements from FMD. This will give control of both scheduling and analysis of the requirements by the Escort Section. This will occur in the January/February time frame. []
- 25X1 ° SPS is planning for the establishment of authority and jurisdiction at the various Agency facilities. []
- 25X1 ° Security Services Branch is planning to cosmetically improve the appearance of the Badge Office. []
- 25X1 ° NBPO work on the VCC sliding window is pending. No delivery date is available. []
- 25X1 ° Purchase orders have been forwarded to acquire three inkless fingerprint systems for use in the Badge Office. []
- 25X1 ° HSD is in the process of scheduling a meeting with NSA Security personnel to review and observe a Polaroid video identification system which is in use by NSA. The intent is to replace the Agency photo identification system with an electronic storage/retrieval system. []
